

# FIRE AS A TOOL

List at least eight (8) appropriate ways you know fire can be used as a tool. Examples can pertain to work, recreation or day-to-day living. List at least four (4) reasons why the incident you were involved in, and it's relationship to fire, are inappropriate:

YOUR NAME: \_\_\_\_\_

| AN APPROPRIATE USE | INAPPROPRIATE BECAUSE: |
|--------------------|------------------------|
| 1.                 | 1.                     |
|                    |                        |
| 2.                 |                        |
|                    |                        |
| 3.                 | 2.                     |
|                    |                        |
| 4.                 |                        |
|                    |                        |
| 5.                 | 3.                     |
|                    |                        |
| 6.                 |                        |
|                    |                        |
| 7.                 | 4.                     |
|                    |                        |
| 8.                 |                        |
|                    |                        |
