

## All Structure Fires

### Medford's Jurisdiction & Aid Given to Other Departments

## Structure Fires

### Medford's Response Jurisdiction Only

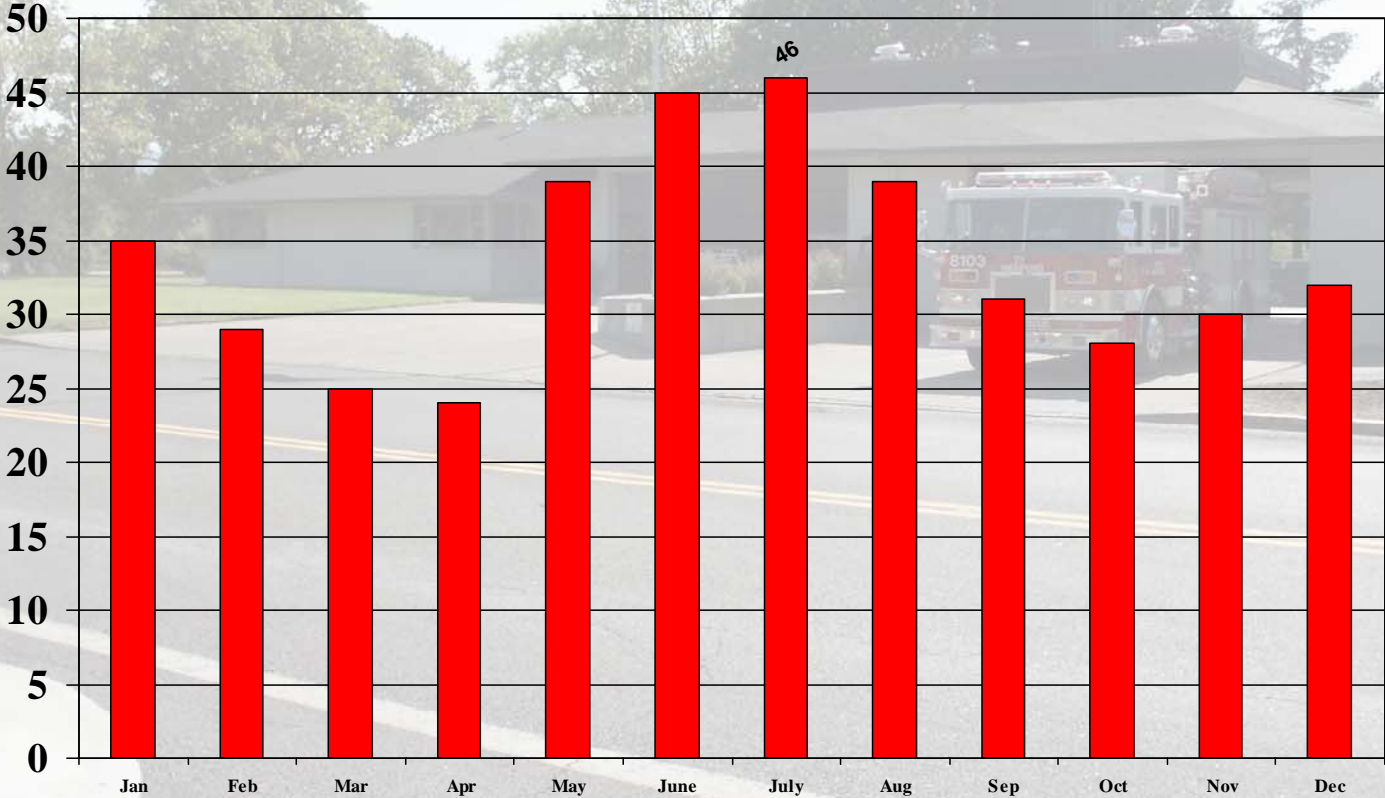

**Structure Fires** (Building Fire) are defined as those incidents that are NFIRS Code 111 and include only incidents where there was an actual fire inside or outside on the building and where the fire damage resulted in a dollar loss to the building and/or to the contents.

## Structure Fires

### Aid Given to Other Departments

# Medford Only Structure Fires by Month For Past Six Years
