

# WHO & WHAT WAS AFFECTED BY MY ACTIONS? (Part 2)

Your Name \_\_\_\_\_

Using PART #1 from last week and the rates listed below, your assignment is to calculate approximately how much money was spent to deal with everything that happened in relation to your actions (add people you didn't think of or list on Part #1). Below is a list of approximate costs. The estimate of time is your estimate. *HOWEVER*, the *minimum* you can estimate is one (1) hour per person (if someone only spent 20 minutes with you, you would list it as one (1) hour).

On the second sheet of this assignment, list each person or agency that spent time working on your case (remember to add those you forgot), the hours they spent, the amount it costs them per hour and then total the amount.

## INDIVIDUAL

## RATE

Probation Officer	\$20/hour
Lodging in Juvenile Department	\$100/night
Police Officer	\$20/hour
Detective	\$50/hour
Fire Investigator & vehicle	\$85/hour
Fire Department Engine w/crew	\$240/hour
9-1-1 Dispatcher	\$12/hour
Damages (list each item damaged)	Depends on your case
Parents/Guardian (time lost from work)	You'll need to ask them
Group Instructors (for both)	\$75/group
