ATTN: Planning Commission

Dear Commissioners:

Having lived in the Rogue Valley from January 1985 until May 2010, I have seen many changes in the region. I recently moved back to Medford and, while seeking a permanent home, am renting a residence near the North Phoenix Road/Barnett Road area.

I have long enjoyed the parks and trails the City of Medford has provided, indeed it is one of the reasons we chose to return to the Rogue Valley - a sense of community. I have been impressed with the development that has taken place in this area and in the number of residents who make use of the recreation/leisure offerings in East Medford. I anticipate that the Leisure Service Plan offerings near Summerfield community will only increase that advantage. I have seen many people of all ages and abilities enjoying the opportunities to enjoy the outdoor activities that make our community a healthier, safer, more connected place to live.

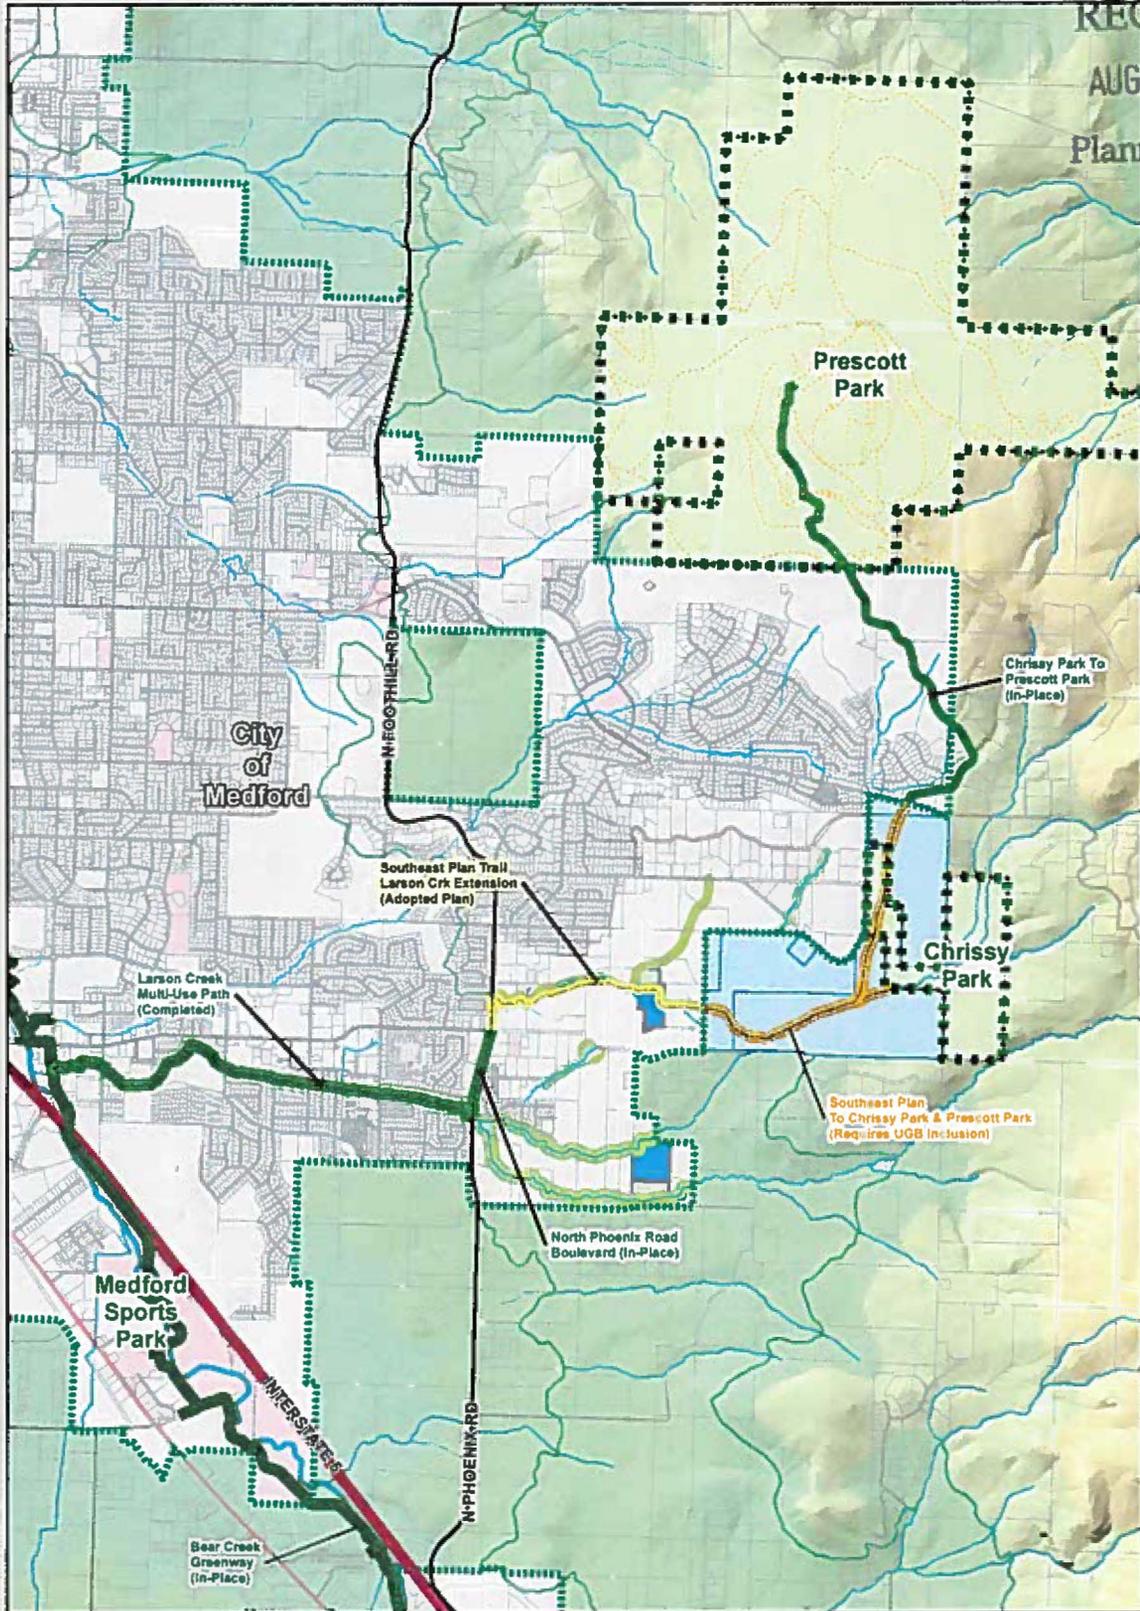

Like most of the people who have attended your public information sessions, I wish to express my support for the City of Medford Planning Commission to help to fulfill the promise of connecting the parks and trails in the eastern edge of the city, in order to encourage the sense of community and connectedness that contributes to what makes Southern Oregon a special place.

Sincerely,

Janice Watson
