RESIDENTIAL EXPRESS PERMIT REQUIREMENTS

Please read and mark all boxes to confirm you have met all requirements for express permit review.

- Must remain in the Development Services lobby.
- Provide two sets of drawings drawn to scale.

A site plan is required for all permits. The site plan must include: (see Planning)

- Full dimensions, including lot size
- Easements & setbacks
- Structures (with dimensions)
- Driveways & public improvements (sidewalks, roads)
- Scale and north arrow
- For additions, the exact location and dimensions must be shown

If applicable, include: (see Building)

- Floor plan
- Elevations & cross section
- Beam & header calculations
- Truss layout and calculations
- Contractor & sub-contractors must be listed on the project before permit issuance.
- Must be ready to pay and pick up permits the same day review is completed.

THE FOLLOWING DOES NOT MEET RESIDENTIAL EXPRESS CRITERIA

- Properties located in the floodplain, riparian area or wetlands
- New construction, detached habitable space
- Additions over 400 sq.ft. and on a sloped lot
- New house and/or ADU construction
- Additions over 500 sq.ft.

Examples of qualifying express permits

- *Pools
- *Garage conversion
- *Solar array
- *Fences over 7'
- *Retaining walls
- *Decks
- *Patio covers/porches
- *Shed/storage/garages not to exceed 500 sq.ft.
- *Single story additions not to exceed 500 sq.ft.
