Tell Us Your Housing Story

Help us tell the stories about what housing is like in Medford

The City is looking to create new housing production strategies and we need to hear from community members to understand their needs and desires for housing.

What will the project do?

- Analyze trends in housing production and needs for all community members
- Identify what housing exists and what housing is needed
- Produce policies and strategies for the City to pursue to create housing and make housing more affordable

Want to provide input?

Schedule an in-person, phone or Zoom interview using the details to the right.

WHEN

November 2020 through
January 2021
