

WHAT IS THE PARK UTILITY FEE (PUF)?

The Park Utility Fee was created by the Medford City Council in 2005.

The fee helps offset the cost of park and right-of-way maintenance, and finances U.S. Cellular Community Park construction bonds.

The PUF is \$2.95 per month for each utility account in the Medford city limits. There are approximately 40,000 commercial and residential billable units.

The Park Utility Fee has not been adjusted since 2007.
