City Of Medford
411 W 8th St Rm 380
Medford, OR 97501-3105

Dear City Of Medford,

Thank you for participating in Pacific Power's Blue SkySM program in 2015! You're greening your electricity use by supporting wind power generated in the western region. The box to the right shows how your support makes a difference!

Celebrate your impact

Pacific Power works to create sustainable energy solutions, and we are proud that so many of our customers like you are choosing to go above and beyond with Blue Sky. Together, we are driving more renewable energy generation in the region.

Your participation also helps make new community-based renewable energy projects possible in your state. In 2015, Pacific Power's Blue Sky Block customers awarded funds to 14 new solar projects at food banks, schools and other community organizations. Visit pacificpower.net/2015projects to learn more about these projects.

Be sure to check out the infographic on the back of this letter and take pride in the big difference made by more than 106,000 Blue Sky participants last year!

Reach new customers

Did you know that being a Blue Sky Business Partner allows your business exclusive access to Blue Sky residential customers through the Chinook Book mobile coupon app? If you're not already offering a coupon to the thousands of Blue Sky residential participants in our Oregon, Washington and northern California service area, visit pacificpower.net/offercoupon to learn how. It's easy!

Share Blue Sky

Tell your customers, friends and family about how they can help make a difference too. Visit pacificpower.net/blueskykit for more details. We hope you'll proudly display the enclosed certificate demonstrating your organization's commitment to renewable energy.

Many thanks to you,

Scott Bolton
Vice President, External Affairs

Your 2015 difference

You're enrolled in Blue Sky Block for 413 block(s) each month.

You supported:
495,600 kilowatt-hours

That reduced your business' CO₂ by 633,516 pounds

Which is comparable to:
683,664 miles not driven
or
7,447 trees planted

Your participation supports wind power in the western region. You can visit pacificpower.net/blueskypl to view the 2016 prospective product content label.

Making a difference with Blue Sky in 2015

106,655

Total customers participating in Blue Sky as of Dec. 31, 2015

Equivalent environmental benefits / carbon reduction of all 2015 Blue Sky purchases:

458,167

Tons of CO₂

=

87,611

Cars off the road

OR

10,771,953

Trees planted

716,849,318

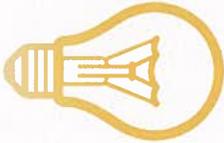

Kilowatt-hours of western region renewable energy supported through the voluntary efforts of Blue Sky customers

THAT'S ENOUGH ENERGY TO POWER:

6 MILLION

incandescent bulbs for a year

OR

MORE THAN 32 MILLION

LED bulbs for a year

Certificate of Blue SkySM renewable energy support 2015

**Pacific Power thanks
City Of Medford
for supporting Blue Sky renewable energy in 2015.**

In 2015, your support of 495,600 kilowatt-hours of renewable energy reduced your carbon footprint by 633,516 pounds of carbon dioxide — this is equivalent to not driving a car 683,664 miles.

The environmental benefit figures are based on data and calculations provided by the U.S. Environmental Protection Agency.
