The City of Medford is proposing to amend the Medford *Land Development Code* relating to *Electronic Message Signs (Article VI)*.

The Medford City Council directed staff to prepare revisions to the sign ordinance to do two things: (1) include a definition for the term "electronic message sign," and (2) provide regulations for the allowance of these signs. These electronic message signs are proposed to be permitted in all commercial and industrial zoning districts (except the Neighborhood Commercial zoning district and Central Business District Overlay) as ground signs. One sign is permitted per parcel.

Drafts of the affected sections are attached for review and comment. Text that is to be deleted is ~~struck out~~ and text to be added is **bolded**. The draft documents can also be viewed on the City of Medford website under *City Departments*, under *Planning*, under *Medford Land Development Code Updates*. Copies are also available at the City of Medford Planning Department, City Hall Lausmann Annex, 200 South Ivy Street, 2nd floor, Medford, OR 97501.

The Medford Planning Commission will consider this amendment in the near future at a public meeting. It will be scheduled for a public hearing before the Medford City Council at a later date.
